PERFECTING THE ART OF ENTERTAINING

Proudly Made in the USA

COME HOME TO QUALITY

At Schwartz Creations we believe in tradition. Amish woodworking skills are passed down from generation to generation and building quality furniture is a family enterprise. We also believe in honoring the natural resources so abundant here in Indiana. Oak, Maple, Hickory, Elm and other native woods are carefully selected and painstakingly crafted into functional works of art for the home. Tops and sides are solid wood. Drawers are dovetailed. All features and options are designed to enhance the overall user experience. Soft-close doors with concealed hinges, full-extension drawers, LED lights and hidden power strips with USB ports...just a few quality touches you can count on us to offer. Hand crafted construction, a wide variety of styles, artful detailing... Schwartz Creations furniture is built for a lifetime of enjoyment. We stand behind each and every piece we make.

Joe Schwartz, Owner

COME HOME TO THE GOOD LIFE

Create the haven you can't wait
to come home to. Create your
ideal gathering place for family
and friends, a hub of activity and
entertaining or an oasis where you
can sink into quiet comfort to unwind
from the hectic world outside.

COME HOME TO THE BEAUTY,
STYLE AND COMFORT OF
SCHWARTZ
Creations

From the extraordinary entertainment features of the Manning to the beautiful boldness of the Breckenridge, any Swartz Creations wall unit will be admired by all who see it. With room for all your electronics and more, your entertainment center will quickly become your home's "family center."

SC-Venice Tower

24w x 15½d x 72h

Handcrafted construction and uncompromising attention to detail are apparent in every Schwartz Creations TV console and corner cabinet. Features like soft-close doors, full-extension drawers and concealed power strips are designed to maximize convenience. Corbels, inlays and other elements distinguish individual styles.

FEATURES AND OPTIONS

Soft-close doors with concealed hinges are standard on all Schwartz Creations furniture and provide a beautifully finished look

Corbels, curves and mortise-and-tenon details add character

Standard full-extension glides make placing or removing drawer contents more convenient

Casters make moving a TV Console or corner cabinet easy

An optional power strip can be added to any console or cabinet by request

CARE^{AND} WARRANTY

Care of Hardwood Furniture

With proper care your furniture will provide years of enjoyment and will become family heirlooms. Maintain a humidity-controlled environment. Your home should be kept in the 35 to 45% humidity range to prevent warping, cracking, and excessive expansion or contraction of raised panels, etc. Avoid placing your furniture in continued direct sunlight or near direct heat source such as furnace ducts or radiators. Clean with water using a soft sponge or cloth. Dry immediately with a soft cloth. Avoid polish that contains silicones.

Warranty

Schwartz Creations warrants its materials, construction and workmanship for a period of two years following the date of purchase by the original customer. If a defect occurs during that period, we will either repair or replace the item or substitute a like item. The final decision is at the discretion of Schwartz Creations.

If humidity moves out of the ideal range, solid wood furniture can expand or contract causing splits in grain panels. These symptoms are the result of an uncontrolled environment and are not considered defective. If the environment is not controlled, these conditions should be appreciated as an inherent characteristic of solid wood furniture. Due to the wood's "open grain" they tend to expand and/or contract in relationship to their environment. Seasonal gapping or minor cracks in the grain patterns of solid wood are considered a normal occurrence and should not be assumed to be a defect of material or workmanship.

If under normal conditions the furniture develops a defect, such as a deep crack, the dealer will visit the customer's home to assess the humidity level. The dealer is responsible for taking a portable hygrometer along to record the humidity level and send the readings to Schwartz Creations. If the humidity is not in the range of 35 to 45%, the warranty is void and repair charges can be assessed. The decision to repair or replace the item is at the discretion of Schwartz Creations.

Limitations

Warranty does not include freight costs to and from factory or inspection fees. These costs are the responsibility of the customer. Negligence, misuse or accidents by the customer will void the warranty.
